

Enclosed is a photo of my uncle Jack.
John Albert Curtis ALLISON – Able Seaman

Unfortunately as my mother {John's sister} was only 16 at the time the HMAS SYDNEY went missing and is now the only living family member I am unable to provide you with any stories.

The finding of the HMAS SYDNEY has had quite an emotional effect on all of us especially my mother who now wishes she had another sibling left to share this emotional journey with.

Thank you for all your time and effort in putting together what I'm sure will be a wonderful tribute to the men of the HMAS SYDNEY.

With Regards

Lynne Kenney & Jeanne Bowman {Johns sister}
